Stefanie McCain, M.D.
Hippa Form

Dear Patient:

Physicians have always protected the confidentiality of our patient's health information by securing medical records away from open access and refusing to reveal information. Additionally, State and Federal laws set security standards to ensure the confidentiality of this sensitive information.

The federal government published regulations designed to protect the privacy of your health information. The "Privacy Rule" protects health information that is maintained by hospitals, health care providers and health plans. Physicians, as of April 13, 2003, must comply with the federal government's regulations privacy rule's standards for protecting the confidentiality of your health information.

This new regulation protects virtually all patients regardless of where they live or where they receive their health care. Every time you see a physician, are admitted to a hospital, fill a prescription, or send a claim your health care provider will need to comply with the privacy rules. All health information including paper, oral, or electronic are protected by the privacy rule.

The privacy rule also provides you certain rights, such as the right to have access to your medical records. However, there are exceptions. We also take precautions in our office to safeguard your health information, such as training our employees and employing computer security measures.

In the reception room, we have placed copies of our NOTICE OF PRIVACY PRACTICES. This notice contains very important information about how you can exercise your rights with regard to your protected health information. We request that you take the time to review the privacy practices of the office before you see the medcial providers.

You may request, from the receptionist, a copy of the NOTICE OF PRIVACY PRACTICES to take with you for further review. Federal regulations require that we document that the patient has been advised of our privacy practices and offered a copy of the notice. Additionally, we must receive documentation for both the notice and consent for communication. If you have any questions regarding our privacy practices you may schedule a meeting with the privacy officer for further details and review.

ACKNOWLEDGEMENT OF REVIEW OF NOTICE OF PRIVACY PRACTICES

I have reviewed this office's NOTICE OF PRIVACY PRACTICES, which explains how my medical information will be used and disclosed. I understand that I am entitled to receive a copy of the document. Furthermore, by my specific initials, I authorize my physician and his/her staff, to contact me by the designated means noted below.

May we call and/or leave a voicemail at: _____ HOME PHONE _____ OFFICE PHONE _____ CELL PHONE

May we text cell phone: YES OR NO (standard text messaging rates apply from your carrier) _____ FAX

I authorize my physician and his/her staff to communicate information regarding my appointment, medical results, billing issues to:

_____ Spouse _____ _____ Other _____

_____ Other _____ _____ Other _____

This Authorization shall remain in force until revoked in writing to attention of Privacy Officer.

Patient Office Information

Check In

- Your time is important to us. The first step in keeping your appointment on time is being prepared. This includes filling out all required paperwork prior to your first appointment. It is extremely important that you provide each piece of information that is requested on both the Patient Information and Medical History Questionnaire. This will avoid delays in creating your chart and account at your visit. Please arrive at least 15 minutes prior to your scheduled time so that all paperwork may be completed BEFORE you are scheduled to see the provider.

Nurse Practitioner

- Dr. McCain has a Nurse Practitioner on staff to assist in the delivery of medical care. Stacy Hammond, FNP-C, is an advanced practice nurse who has completed a graduate level education and training in the diagnosis and management of medical conditions. She has been employed with Dr. McCain over 10 years.

Missed Appointments, Late Cancellations, Late Arrivals, and Non-Compliance

- We require a 24-hour advance notice if you must cancel your appointment. We offer appointment reminders calls prior to your appointment, which will allow you to cancel at that time. However, it is ultimately your responsibility to keep track of your appointment whether you receive a reminder call or not.
- Patients with multiple cancellations or missed appointments may be discharged from our practice.
- At times, a surgery may take longer than anticipated or a patient has been worked in for an emergency, which may cause our providers to run late. You won't be rushed when you see the doctor and your patience is appreciated if we are running behind.
- Please note that non-compliance with treatment plans, including medications, lab work, abusive and/or inappropriate behavior towards staff or patients will result in immediate dismissal of your care from our office.

Forms of Payment

- We accept payment in the form of cash, check, MasterCard, Visa, Discover, and Care Credit. Instacheck processes checks returned to us due to insufficient funds. In addition to charges assessed by Instacheck, we will also assess a fee up to $ 30.00 for all returned checks.

Collections Fees

- We will send you three statements regarding your balance. The second statement is considered past due. If you should receive a third statement noted "FINAL", the account balance will be turned over to a collection agency. If your account is turned over to a collection agency, you will be discharged from the practice.

I have read, understand and agree to the above office and financial policies of Dr. Stefanie McCain. I hereby attest that I have given and agree to provide current demographic, insurance information and authorize release of information necessary for insurance filing by signing this statement. My signature below states my agreement and understanding of Dr. Stefanie McCain's office and financial policies and also serves as a request and consent for treatment. I authorize and assign all benefit payments to be made directly to Dr. Stefanie McCain.

Abilene, TX 79606

INSURANCE DISCLAIMER

Preventative medicine and bio-identical hormone replacement is a unique practice and is considered a form of alternative medicine. Even though the physicians and nurses are board certified as Medical Doctors and RN's or NP's, insurance does not recognize it as necessary medicine BUT is considered like plastic surgery (esthetic medicine) and therefore is not covered by health insurance in most cases.

REVITA SENSE is not associated with any insurance companies, which means they are not obligated to pay for our services (blood work, consultations, insertions or pellets). We require payment at time of service and, if you choose, we will provide a form to send to your insurance company and a receipt showing that you paid out of pocket. WE WILL NOT, however, communicate in any way with insurance companies.

For patients who have access to Health Savings Account, you may pay for your treatment with that credit or debit card. This is the best idea for those patients who have an HSA as an option in their medical coverage.

Authorization to Release Medical Information

I understand that I may revoke this authorization in writing. To view the process for revoking this authorization, please read the Privacy Notice to patients posted at the office. Unless revoked, this authorization will expire in 180 days from the date signed.

I also understand that once the health information I have authorized to be disclosed reaches the noted recipient, the person or organization may re-disclose it. At this time it may no longer be protected under privacy laws. Records received by this office will not be re-disclosed without written authorization by the patient.

Please release my healthcare information to/from:
